12 Partnership

A low-risk path to switch

WHY NOW

A regulated shift, an undeniable market.

Since 1 January 2026, single-use plastic is no longer a choice in the UAE — it is regulated liability. Every café, restaurant, hotel, airline and retailer must already have switched. Emviro supplies the certified, compliant alternative across every category they need.

Mordor Intelligence

"Emirates Flight Catering has eliminated 45,000 kg of plastic annually through packaging overhauls — and the pressure to go further only grows."

Emirates Flight Catering Sustainability Report, 2025

WHO WE ARE

One supplier for the entire sustainable switch.

Emviro is a UAE-based sustainable packaging company supplying biodegradable, compostable and kraft solutions across foodservice, retail, aviation and hospitality. We replace single-use plastic with certified, plant-based alternatives — without compromising quality, convenience or brand.

A complete range

50+ products across 8 categories — one purchase order, one relationship, zero plastic compromise.

Award-winning design

Our earthenware line holds the iF Design Award 2024 and Red Dot Winner 2025 — proof sustainability and premium aesthetics coexist.

Aviation-grade engineering

PFAS-free, fire-resistant, water and oil resistant — built for in-flight service and humanitarian supply chains.

Custom branding on every line

Your logo, your colours, your story — printed cleanly on bags, wraps, cups, cutlery sleeves and more.

Our Business Model

PHASE 1 — TODAY

Authorised UAE distribution partner for certified sustainable packaging. Full range available now, with custom branding on every line.

PHASE 2 — AT \$5M VOLUME

Own UAE manufacturing facility. ICV-compliant local production, shorter lead times, lower logistics cost, full white-label capability.

PARTNERSHIP MODELS

- Spot orders & trial samples
- Bulk annual supply contracts
- Private label & custom branding
- Humanitarian & institutional supply

THE PLASTIC PROBLEM

A crisis we can no longer package away.

A phased national phase-out has reached its final stage. Plastic pollution is no longer a branding choice — it is a regulated liability, and the evidence shows decisive action works.

**Jan 2024**

Single-use plastic shopping bags banned nationwide

**Jun 2024**

Ban extended to all single-use bags

**Jan 2025**

Straws, stirrers, cotton buds & Styrofoam banned

**Jan 2026**

LIVE NOW: cups, lids, plates, cutlery & all food containers

95%

drop in plastic-bag use in Abu Dhabi within months of its ban.

130M+

single-use bottles recovered through UAE return schemes.

2050

the UAE's national net-zero target, driving systemic change.

As of January 2026, every café, restaurant, hotel, airline and retailer in the UAE must already have switched. Products made locally from recycled or biodegradable materials are favoured under the law — exactly where Emviro is positioned.

Sustainable Airline Packaging

Lighter on waste · higher on standards

Emviro

✈ AVIATION-GRADE · GCM® CERTIFIED

Airline Meal Tray — GCM®

A three-compartment airline tray made from an advanced plant-fibre composite. No water coating, no plastic lamination, no toxic PFAS — engineered for the demands of in-flight service in both economy and business class, and for humanitarian aid distribution.

- Excellent water *and* oil resistance
- No plastic lamination — fully compostable
- No toxic PFAS — safe for passengers & crew
- Fire-resistant properties for aviation compliance
- Suitable for Red Cross & humanitarian logistics

The humanitarian opportunity

Fire-resistant, water-resistant, 0% plastic and fully biodegradable — these trays can replace the vast plastic volumes used in airline and aid catering. A natural fit for Emirates and Red Cross partnerships alike.

GCM® three-compartment airline tray — water & oil resistant, zero PFAS

IN-FLIGHT RANGE

Economy & business class kits.

Thoughtfully designed, sustainably made — a complete in-flight range engineered for cabin service, from meal boxes to branded cutlery and snack wraps.

**ECONOMY & BUSINESS · MEAL BOX**

Stylish Bento Box

Four-compartment premium bento, completely free from plastic coating and toxic additives. 100% biodegradable plant-fibre blend, suitable for hot or cold food.

1000 ML · 3-DIV & 4-DIV

**BUSINESS CLASS · SNACK & SANDWICH**

Sandwich & Snack Wraps

FSC®-certified kraft paper with a plant-based PLA window. Grease-resistant, keeps food fresh, and custom-printed with your airline branding.

Aqua Zero by Emviro — our next step toward a plastic-free future

WHO WE SERVE

Tailored for your industry.

Sector-specific programmes built around the realities of how each industry buys, brands and serves.

Aviation

Emirates, FlyDubai, Etihad & global airlines

- Economy & business class meal sets
- GCM® trays — fire & oil resistant
- Branded cups, cutlery & napkin packs
- Red Cross & humanitarian supply

Emirates eliminated 45,000 kg of plastic annually — Emviro is the compliant replacement.

Hotels & Hospitality

5-star hotels, resorts & serviced apartments

- Full in-room F&B packaging suite
- Premium earthenware pots & bento
- Amenities, tissues & room service
- Custom hotel branding on all lines

Dubai welcomed 29.2M tourists in 2025 — every stay generates packaging demand.

Retail & FMCG

Carrefour, Lulu, Spinneys, Noon & more

- High-volume biodegradable bags
- Private-label eco packaging
- Custom printed retail bags
- Bulk annual supply contracts

Already delivering to Carrefour UAE — biodegradable D-Cut bags at retail scale.

Food & Beverage

Restaurants, cafés, cloud kitchens & events

- Full takeaway packaging range
- Custom restaurant & café branding
- Catering & events packaging
- One supplier for every category

UAE F&B holds 32% of the disposables market — fastest-growing segment post-ban.

TRUST & STANDARDS

Retail

NEXT STEPS

A simple, low-risk path to switching.

We prove the product in your hands before any commitment — then scale to a branded, recurring supply relationship.

1**Samples**

We send product samples for hands-on evaluation — no obligation, no minimum order.

2**Pilot**

Run a small order across your real operations and routes. We handle logistics, you evaluate.

3**Supply Contract**

Scale to a branded, recurring supply agreement on agreed terms. Annual contracts available.

Why switch to Emviro now?

- **Compliant from day one** — UAE plastic ban is live, no risk of fines
- **Award-winning design** — iF Design 2024, Red Dot 2025
- **Aviation-grade engineering** — PFAS-free, fire & oil resistant
- **Custom branding** — Your logo on every single line
- **One supplier, all categories** — Cups, trays, bags, cutlery & more
- **Proven at retail scale** — Already delivering to Carrefour UAE

Let's build a cleaner future — together.

Sustainable packaging is no longer optional. With Emviro, it becomes your advantage.
